P.O.A.	
Special colour scheme per extra colour	<i>P.O.A.</i>
P.O.A.	
Stripe on fuselage, wings or spats (per stripe)	<i>P.O.A.</i>
P.O.A.	

10 | BUILDER TOOLS

Sling Aircraft Recommended Builder Tool Kit

USD 1,812.42

Curated toolkit for Sling kit construction.

11 | QUICKBUILD (FACTORY PRE-ASSEMBLY) – ADDITIONAL COSTS

Quickbuild options reduce your on-site build time significantly. Each item below is an ADDITIONAL cost on top of the standard kit price. 51% amateur-built rule compliance is maintained (Empennage, Undercarriage and Instrument Panel excluded from QB to preserve owner-built status).

Empennage – pre-assembled

USD 1,943.25

Empennage pre-assembled at factory.

Fuel Tanks – Standard

USD 1,798.44

Pre-sealed and assembled standard fuel tanks.

Fuel Tanks – Long Range (add-on to standard)

USD 1,798.44

Long range tank pre-assembly add-on.

Wings – flaps, ailerons & fuel tanks (not assembled)

USD 3,608.00

Wing sub-assembly.

Fuselage (undercarriage & controls not fitted)

USD 4,735.00

Fuselage pre-assembled.

Undercarriage (assembled & fitted to fuselage)

USD 863.00

Undercarriage assembled and fitted.

Wooden crating & loading for QB kit

USD 3,300.00

Export crating for quickbuild kit.

Container packing – per container

USD 2,100.00

Professional container packing at Tedderfield.

12 | SHIPPING & DELIVERY

All prices are ex-works Tedderfield Airpark, South Africa. Crating/packaging is NOT included in kit prices and must be ordered separately. Shipping can be arranged by the customer or through the dealer. Dealer-arranged shipping (SA → Switzerland, door-to-door): approx. CHF 6,800 (CHF 6,000 freight + CHF 800 coordination). Transit time: 14–20 days.

13 | DEALER SERVICES – SLING AIRCRAFT SWITZERLAND

Included with Kit Purchase (in dealer margin)

- P1 Initial consultation & configuration advisory
- P2 Order processing & Sling communication
- P3 Import coordination & customs
- P4 Kit receipt inspection support (5h included)
- P5 General technical availability during build

Optional – Book as Needed

- S1 BAZL/EAS building permit advisory – flat rate 5h (CHF 725)
- S2 Technical advisory – per hour (CHF 145/h)
- S3 Support block 5h (CHF 725)

S4 Support block 10h (CHF 1,450)

S5 Support block 20h (CHF 2,900)

S6 Demo flight – Sling TSi at Thun/Zweisimmen (complimentary)

S7 Ferry flight – per hour + expenses (CHF 145/h)

Customer Self-Service (no charge)

- Organise own freight from SA
- Submit BAZL/EAS building permit directly: acceptance@experimental.ch
- Technical questions directly to Sling: technical@slingaircraft.com
- Registration & airworthiness via EAS or alternative authority (e.g. PH-reg)

Sling Aircraft Switzerland | slingaircraft.ch | Thun Airport + Zweisimmen | Dealer: Rémy Weibel | Prices ex-works Tedderfield, SA – April 2026 | All prices in USD, excl. taxes, duties & freight. Prices subject to change. Quotes valid 14 days.
