Canopy, Dash & Finishing Kit

USD 17,002.00

Complete canopy kit incl. frames, windscreen, doors, windows, leather dashboard, instrument panel face, custom canopy lock, nose cowling, wheel spats, fairings.

TOTAL AIRFRAME KIT

USD 77,268.00

2 | ENGINE, FIREWALL FORWARD & UPHOLSTERY

Firewall Forward & Fuel System Kit – 916iS

USD 7,693.68

Engine mount hardware, fuel lines, fuel selector, all FWF components for 916iS.

Rotax 916iS Engine (160 hp turbo) with fuel pumps

P.O.A.

Price on application (P.O.A.). Available via authorised Rotax distributor. Without type certificate version (UNF) for experimental/amateur-built use.

Leather Upholstery & Carpets

USD 7,690.00

Full leather upholstery kit, seat covers, carpets, map pockets, stick boots.

3 | PROPELLER OPTIONS

DUC Flashblack-3-R (4-blade composite)

USD 13,086.25

4-blade composite propeller. Fixed pitch option.

MT Propeller MTV-6 – Manual Blue Vernier Control

USD 20,330.80

3-blade constant speed composite, nickel leading edge, manual control.

MT Propeller MTV-6 – with RS Flight Systems SCU

USD 25,690.00

3-blade constant speed, Single Lever Power Control (SLPC) via RS SCU 9iS. Recommended for IFR / touring use.

4 | AVIONICS OPTIONS

Garmin G3X Touch EFIS (10.6") + G5 Backup Dual GDU 460 10.6" touchscreens + Garmin G5 certified backup. Incl. GSU 25C AHRS, GMU 11 magnetometer, GEA 24B engine monitor, GA 35 GPS antenna.	USD 15,425.84
Garmin GTR 205 VHF Radio + GMA 245R Intercom VHF comm radio with 4-place Bluetooth intercom, VHF antenna & cable.	USD 5,676.52
Garmin GTN 750Xi GPS/NAV/COMM/MFD Price on application. Full IFR navigator, replaces GTR 205. Incl. SD Datacard, GA 35, RAMI AV-12, GAD 29.	<i>P.O.A.</i>
Garmin Autopilot – GMC 507 + 2× GSA 28 Servos Full 2-axis autopilot. GMC 507 control panel, roll & pitch servos, GAD 27.	USD 5,450.35
Garmin GTX 45R Mode S Transponder ADS-B Out/In transponder with Comant CI-105 antenna and GA 35.	USD 5,628.30
Garmin GTN 650Xi GPS/NAV/COMM Price on application. Full IFR navigator. Incl. SD Datacard, GA 35, RAMI AV-12, GAD 29.	<i>P.O.A.</i>
Artex ELT 345 (406 MHz) 406 MHz ELT with install kit, remote switch, whip antenna. FAA TSO-C126b.	USD 1,242.05
Sling LED Wingtip & Tail Strobe / Nav Light System Triple LED nav/strobe lights on wingtips and tail. FAR 23 compliant.	USD 698.88
Garmin Height Advisor GHA 15 Price on application. CFIT alerting system, integrates with G3X.	<i>P.O.A.</i>
ADS-B/FLARM Receiver (AIR Traffic AT-1) Price on application. ARINC-429, integrates with GTN 750Xi / G3X.	<i>P.O.A.</i>
Backup Battery (TCW IBBS-12V-6AH) Price on application. Li-FePO4, 12V 6Ah. Keeps avionics alive on alternator failure.	<i>P.O.A.</i>
5 OXYGEN SYSTEMS	
Mountain High Oxygen System – 4-Place incl. installation Complete 4-place O2 system. Recommended for flight above 10,000 ft MSL. Incl. regulator, masks/cannulas, bottle, installation.	USD 5,600.00
Aithre Turbo O2 Maker – 2-Place (onboard generator) Price on application. Electrochemical O2 generator, no bottle required. 12V, panel button, Altus Meso sensor, bottle connection. Single unit covers 2 occupants.	<i>P.O.A.</i>
Aithre Turbo O2 Maker – 4-Place (2× units + install kit) Price on application. Twin O2 Maker 4-place configuration. Incl. HealthView II data bridge, ATD-11 AirAvionics screen, 152L O2 bottle, CO detector, 2× Illyrian II haptic wearables.	<i>P.O.A.</i>
6 SAFETY – BALLISTIC PARACHUTE	
BRS Ballistic Parachute System – Sling TSi Complete BRS whole-aircraft parachute. Incl. cables, mounts, brackets. ~22 kg additional weight. Strongly recommended for IFR/mountain flying.	USD 22,646.10
Parachute Cable & Mount Pre-Fit (without chute) Installs all brackets/skins/cables in readiness for future BRS installation.	USD 1,730.00
7 BRAKE CONFIGURATION OPTIONS	

Matco Dual Toe Hydraulic Brakes (replaces standard) Individual toe brakes instead of centre hand brake T-pedals.	USD 1,517.56
Beringer Hand Brake Upgrade – Tricycle Premium Beringer hand brake system.	USD 3,350.00
Beringer Dual Toe Hydraulic Brakes – Tricycle Premium Beringer toe brake system.	USD 4,610.00

8 | FUEL SYSTEM OPTIONS

Long Range Fuel Tanks (parts swap-out, +8 kg) Extended range tanks. Standard: 198 L (52 US gal). Long range adds approx. 40 L additional capacity.	USD 2,795.00
--	---------------------

9 | PAINT & FINISH OPTIONS

Fill all standard rivet holes – RECOMMENDED Flush riveted finish. Significantly improves aesthetics and reduces drag. Highly recommended.	USD 1,240.00
Metallic or Red paint (instead of standard) Price on application (P.O.A.).	<i>P.O.A.</i>
Special colour scheme per extra colour P.O.A.	<i>P.O.A.</i>
Stripe on fuselage, wings or spats (per stripe) P.O.A.	<i>P.O.A.</i>

10 | BUILDER TOOLS

Sling Aircraft Recommended Builder Tool Kit Curated toolkit for Sling kit construction. Highly recommended for first-time builders.	USD 2,040.00
---	---------------------

11 | QUICKBUILD (FACTORY PRE-ASSEMBLY) – ADDITIONAL COSTS

Quickbuild options reduce your on-site build time significantly. Each item below is an ADDITIONAL cost on top of the standard kit price. 51% amateur-built rule compliance is maintained (Empennage, Undercarriage and Instrument Panel excluded from QB to preserve owner-built status).

Empennage – pre-assembled	USD 2,070.93
Empennage pre-assembled at factory. Reduces build time significantly.	
Fuel Tanks – Standard	USD 1,695.00
Pre-sealed and assembled fuel tanks.	
Fuel Tanks – Long Range (add-on to standard)	USD 1,695.00
Long range tank pre-assembly add-on.	
Wings – flaps, ailerons & fuel tanks (not assembled)	USD 4,563.00
Wing sub-assembly. Note: fuel tanks listed separately.	
Fuselage (undercarriage & controls not fitted)	USD 6,475.00
Fuselage pre-assembled. Undercarriage and controls fitted by builder.	
Undercarriage (assembled & fitted to fuselage)	USD 885.00
Undercarriage assembled and fitted.	
Canopy with doors & glass (excl. windscreen & dash)	USD 2,322.00
Canopy assembly pre-fitted.	
Fill rivet holes on pre-assembled sections	USD 1,240.00
Flush rivet fill on QB sections.	
Wooden crating & loading for QB kit	USD 3,380.00
Export crating for quickbuild kit. Required for shipping.	
Container packing – per container	USD 2,100.00
Professional container packing at Tedderfield.	

12 | SHIPPING & DELIVERY

All prices are ex-works Tedderfield Airpark, South Africa. Crating/packaging is NOT included in kit prices and must be ordered separately (see Quickbuild section). Shipping can be arranged by the customer or through the dealer. Dealer-arranged shipping (SA → Switzerland, door-to-door): approx. CHF 6,800 (CHF 6,000 freight + CHF 800 coordination). Transit time: 14–20 days.

13 | DEALER SERVICES – SLING AIRCRAFT SWITZERLAND

Included with Kit Purchase (in dealer margin)

P1 Initial consultation & configuration advisory

P2 Order processing & Sling communication

P3 Import coordination & customs

P4 Kit receipt inspection support (5h included)

P5 General technical availability during build

Optional – Book as Needed

S1 BAZL/EAS building permit advisory – flat rate 5h (CHF 725)

S2 Technical advisory – per hour (CHF 145/h)

S3 Support block 5h (CHF 725)

S4 Support block 10h (CHF 1,450)

S5 Support block 20h (CHF 2,900)

S6 Demo flight – Sling TSi at Thun/Zweisimmen (complimentary)

S7 Ferry flight – per hour + expenses (CHF 145/h)

Customer Self-Service (no charge)

- Organise own freight from SA
- Submit BAZL/EAS building permit directly: acceptance@experimental.ch
- Technical questions directly to Sling: technical@slingaircraft.com
- Registration & airworthiness via EAS or alternative authority (e.g. PH-reg)
